PROSPECTUS  
OF THE  
JESUITS' COLLEGE,

*Corner of Common and Baronne streets,*

NEW ORLEANS.

---

This Literary institution, which has been incorporated by the State of Louisiana, and empowered to confer Degrees, is conducted by the Fathers of the Society of Jesus. In the plan of the edifices, every attention has been paid to comfort, cleanliness and ventilation. A court-yard, entirely cut off from the street, is reserved for recreation, so that from the arrival of the Pupils, at 8 o'clock in the morning, till their departure after class hours, at half-past 5 o'clock in the afternoon, they will be constantly secluded and superintended.

The course of instruction is two-fold, *Classical* and *Commercial*. The *Classical* embraces Latin, Greek, English, French, (Spanish and German—at the option of the pupils—without extra charges,) Poetry, Rhetoric, History, Geography, Book-Keeping, Mathematics, Chemistry, Moral and Natural Philosophy.

The *Commercial Course* comprises the same matters, with the exception of Greek and Latin.

There are, besides, two preparatory classes, for beginners, in which they are suitably taught Spelling, Reading, Writing, Grammar, Geography, French and Arithmetic.

The Moral and Religious education of the students will be the leading object of the instructors.

The Academical Year begins on the 1st of October, and ends about the middle of August. It is divided into three quarters, of three months and a half each.

At the end of every month, a bulletin—attesting the Conduct, the Progress, the place of Composition during the month, the days of absence, etc.—will be sent to Parents.
